## Kansas State Board of Nursing Launches Online Applications

*Conveniently manage your nursing licenses online*

The week of October 10th the Kansas State Board of Nursing (KSBN) launched their online Kansas Nursing License Portal. The portal is designed to give applicants the ability to apply and pay for their license(s) from the convenience of their home—24 hours a day, seven days a week. The service is available for all professions except mental health technicians.

The goal of the Kansas State Board of Nursing is to provide applicants a more efficient and convenient way to apply for their license. KSBN is very proud to offer this service.

The Online Kansas Nursing License Portal ties into KSBN's current licensing system with its partnership with Systems Automation Corporation, a state government licensing system provider. It allows the user to apply for a Kansas nursing license, verify information, and manage changes to their license electronically. Through its partnership with the Information Network of Kansas, Inc., KSBN's online Kansas Nursing License Portal also allows applicants to securely pay for online services via electronic check or credit card.

To apply for nursing licensure you must have access to the Internet and a checking account or credit card. Applicants who apply online do not have to mail in the license application.

You can visit the Kansas Nursing License Portal [www.ksbn.org](http://www.ksbn.org).

### College Course are not approved Continuing Nursing Education Hours for License Renewal Unless Approved by IOA Prior to Renewal of License

College course are not approved for CNE contact hours without submission of an Individual Offering Approval (IOA) form, prior to renewal or reinstatement of license. Even with the submission of an IOA not all college courses are eligible for CNE contact hours. College courses acceptable for CNE with an IOA may include any of the following: any college courses in science, psychology, sociology, or statistics that are prerequisites for a nursing degree. Contact hours shall not be recognized by the board for any of the following: an incomplete or failed college course or any college course in literature and composition, public speaking, basic math, algebra, humanities, or other

general education requirements unless the course meets the definition of CNE. Please note if you have successfully completed a college course within your renewal period and the course meets the definition of CNE, you must submit the course for official approval by IOA to the Board PRIOR to renewal of your nursing license.

The Individual Offering Approval Application (IOA) can be found on [www.ksbn.org](http://www.ksbn.org) or go to: <http://www.ksbn.org/cne/ia.pdf>

Definition of CNE: K.S.A 65-1117 (a) Continuing nursing education means learning experiences intended to build upon the educational and experiential bases of the registered professional and licensed practical nurse for the enhancement of practice, education, administration, research or theory development to the end of improving the health of the public.

Kansas Commission for Nursing Education and Practice (KNEP) developed a schematic to assist nurses, nursing students, and other interested parties understand the acronyms that are utilized for nursing organizations in Kansas. In the June 2016 issue of the Kansas State Board of Nursing Newsletter, this schematic and short description of each organization is listed.

Each organization listed on the schematic has been asked to provide a more detailed description. Below each description is the name of a person involved with the organization that would be available to assist you with additional information or you may contact Brenda Moffitt, Chairperson of the Kansas Commission for Nursing Education and Practice (KNEP) at [bmoffitt@mhsks.org](mailto:bmoffitt@mhsks.org) or by phone at 785-263-2100.

**Kansas State Board of Nursing (KSBN):** KSBN is a state agency whose mission is to assure the citizens of Kansas safe and competent practice by nurses and mental health technicians. The State Board of Nursing was established in 1913 for the purpose of protecting the citizens of Kansas from the practice of nursing by unscrupulous and unqualified individuals. The agency meets the mission by licensing individuals who met specific standards and have proven their competency to practice nursing at the level for which the license is issued, approval of nursing programs and investigations of complaints received.

**Professional Organizations:** Belonging to a professional organization is a vital part of each nurse's engagement and professionalism. These organizations provide nurses with resources to improve practice, knowledge, and skills. The circle was intentionally left open except for the intersections of KSBN, KONL and KNEP. There are numerous nursing and/or professional organizations that nurses may belong to. In fact, there were too many to list. In an effort to allow each person to decide which organization best meets their professional goals, this area is open to the decision of the nurse.

**Kansas Organization of Nurse Leaders (KONL):** KONL is a statewide organization which strives to provide communication, networking with colleagues, resource

sharing, and educational opportunities to enhance nursing leaders' knowledge and skills. The organization is comprised of all levels of nursing leadership divided into eight districts within the state. The goal of KONL is to facilitate the professional growth and development of new and experienced nurse leaders. [www.konl.org](http://www.konl.org) Joyce Mattison, President 785-623-5394 [joyce.mattison@haysmed.com](mailto:joyce.mattison@haysmed.com)

**Kansas Commission for Nursing Education and Practice (KNEP):** KNEP was formed as a Task Force in 1998 with six representatives from all levels of nursing education and five members from the Kansas Organization of Nurse Leaders from both rural and urban Kansas settings. The number was subsequently increased to six KONL members. KNEP became a committee of KONL in 2002 and in 2007 a commission. KNEP serves as a resource for nurses in education and practice. To see these resources go to [www.KONL.org/KNEPCommission](http://www.KONL.org/KNEPCommission). Brenda Moffitt, Chairperson, 785-263-2100 [bmoffitt@mhsks.org](mailto:bmoffitt@mhsks.org)

**Kansas Action Coalition (KSAC):** KSAC was founded in 2011 with a goal toward ensuring that high quality, patient-centered nursing care is available for all Kansans. The KSAC is implementing recommendations from the Institute of Medicine's landmark report *The Future of Nursing: Leading Change, Advancing Health*. Key messages from *The Future of Nursing* report suggest how nursing should advance nursing education, practice, and leadership to meet the needs of individuals, families, and populations in an increasingly complex and diverse health care environment. The KSAC is meeting its goal through the work of nurses and non-nurses on four Teams: Education, Practice, Leadership, and Advocacy. [www.kansasactioncoalition.com](http://www.kansasactioncoalition.com) Cynthia Teel, Co-Lead, [cteel@kumc.edu](mailto:cteel@kumc.edu)

**Kansas Association of Colleges of Nursing (KACN):** KACN membership includes deans, directors, and chairs of bachelor's, graduate, and post graduate nursing programs in Kansas. Membership is voluntary. The purposes of KACN are to promote baccalaureate and higher degree nursing education by maintaining a network for nurse educators in higher education

programs to facilitate communication, collaboration, legislative action participation, and advocacy for quality nursing education in Kansas. Linda Adams-Wendling, Chairperson, [ladamswe@emporia.edu](mailto:ladamswe@emporia.edu).

**Kansas Council of Associate Degree Nurse Educators (KCADNE):** KCADNE is made up of nurse educators from associate degree nursing programs that are approved by the Kansas State Board of Nursing. The purpose of KCADNE is to enhance communication among ADN programs and with individuals and groups who influence associate degree nursing. KCADNE promotes relationships and networking with state and national nursing organizations and agencies. They monitor, initiate, promote, and respond to legislation that relates to associate degree nursing. We also promote ADN education through faculty development, scholarships, the KCADNE Fall Forum education conference, and through member representation on state-wide organizations, councils, and committees. The council meets quarterly in Topeka with dates that coincide with KSBN meetings. Bill Rhoads, Chairperson, [billr@fortscott.edu](mailto:billr@fortscott.edu).

**Kansas Council of Practical Nurse Educators (KCPNE):** The purpose of the organization is to promote Practical Nursing Education in Kansas among Practical Nursing programs and others who influence Practical Nursing. This includes developing liaison relationships with the Kansas State Board of Nursing and state and national nursing organizations. A major focus is monitoring and responding to related legislation as it relates to Practical Nursing. Recruitment of Practical Nursing students is important to the organization and the future of nursing in Kansas. The organization is comprised of Nurse Administrators or representatives of Practical Nursing programs in Kansas. Cynthia Jacobson, Chairperson, [cjacobson@highlandcc.edu](mailto:cjacobson@highlandcc.edu).

**Kansas Council for Collaboration in Nursing (KCCN):** KCCN is comprised of all the nurse educator councils. This council meets together to discuss relevant nursing issues related to education and the practice of nursing. This council meets at least twice a year with Kansas Organization of Nurse Leaders (KONL).

The site visit report from Osawatomi State Hospital's LMHT Program was reviewed. It was moved to accept the site visit report for Osawatomi State Hospital's LMHT program and to grant approval to admit up to 60 students

yearly among all three levels of the MHT program with a site visit to occur at the time of the first graduation.

### The following schools presented major curriculum changes:

- Washburn University BSN Program
- Cloud County Community College ADN Program

It was moved to reapprove the PN, ADN and BSN programs on full approval status through December 2017. It was moved to reapprove the conditional approval status of Pratt Community College ADN program and Kansas Wesleyan University BSN Program through December 2017. It was moved to reapprove the graduate nursing programs through December 2018.

It was moved to approve K.S.A. 65-4206 and K.S.A. 65-4207 as written. It was moved to revise K.A.R. 60-3-101 (a) (3) to state "each applicant for nursing licensure shall take and pass the examination written in English language and prepared by the national council of state boards of nursing."

Twelve petitions for permission to test/retest was reviewed and action taken.

The meeting was adjourned at 10:21 am.

## September 2016 APRN Committee

The APRN Committee met September 13, 2016 and was called to order by Carol Bragdon, PhD, APRN, Chair at 1:30 pm in Room 509 of the Landon State Office Building. Minutes from June 14, 2016 were approved.

It was moved to approve the following out of state schools and their courses:

- Bradley University – RNA
- Gonzaga University – RNA

- Loyola University – Adult Gerontology NP
- Oakland University – Adult Gerontology NP
- State University of New York Upstate Medical University – Family NP
- University of Colorado – Family NP
- University of Miami – Family NP
- West Texas A & M University – Family NP
- Winona State University – Adult Gerontology CNS

Cara Busenhart, RN, NMW and Cathy Gordon, RN, NP, NMW discussed the Independent Midwife Regulations and the Nurse Midwife Council. A lot of the language in the draft is based on Birth Center Regulations.

The meeting was adjourned at 2:25 pm.

## Practice Committee

The Practice Committee met on Tuesday September 13, 2016. The committee reviewed the updated Joint Pain Management Policy and recommended approval to the Board. It then reviewed KAR 60-7-101 which is the LMHT licensure process regulation. The proposed language changes were approved and recommended for forwarding to the Board. They reviewed KAR 60-7-103, KAR 60-7-104 and KAR 60-7-105 as part of the 5 year legislative review process. They recommended no changes to KAR 60-7-103 and KAR 60-7-104 but did request that staff work on updating language in KAR 60-7-105 which is the LMHT regulation speaking to standards of practice. That regulation will be presented at the December committee meeting. Discussion was had regarding the CMA regulations and insulin pen administration. Patty Brown from KDADs participated in the discussion and provided clarification that CMAs are not authorized to administer insulin.

Rex Patty reported the INS Standards changing in 2016. He then updated the committee on the IV Therapy Task Force; noted the committee's findings are that the current PN curriculum contains IV Therapy education already, which means the task will not require a lot of adaptation to the PN schools current curriculum. He noted the committee's next step will be to draft some proposed regulation changes for review. Meeting adjourned at 3:47pm.

## September 2016 CNE Committee

The September 2016 CNE Committee was called to order September 13, 2016 at 8:30 a.m. in room 560 of the Landon State Office Building in Topeka by J. Hiner, Chair.

M. Kidwell reported the total number of IOA's submitted June-August 2016 was 376, with total denied of 66. The number one reason for denial was failure to submit agenda's, the second top reason was failure to submit learning objectives, and the third top reason was submission of offerings not completed within renewal periods. The summary of all denied IOA's was reviewed without further discussion.

The following Long-term Provider 5 year renewal applications were approved pending submission of missing documents:

GERTI  
Kansas City Hospice & Palliative Care

The following Long-term Provider 5 year renewal applications were approved as submitted:

Cloud County Health Center  
Nueterra Healthcare  
ARJ Infusion Services  
Newton Medical Center  
Crossroads Hospice

M. Kidwell was directed to send out a reminder to all Long-term CNE Providers reminding them of the regulatory requirements for content bibliographies.

J. Hiner opened discussion on Board's decision in June 2016 to approve renewal and recertification courses for Continuing Nursing Education. The committee discussed and would like draft regulation language brought back to committee in December 2016, adding a maximum allowed number of contact hours for renewal courses.

The meeting was adjourned at 9:50 a.m.

#### What is KNAP?

KNAP is a professional assistance program designed to assist all nurses and mental health technicians who have a problem or illness that has or could impair their ability to practice safely.

#### The Goal of KNAP

Mental and physical illness, including alcohol and other drug addiction, can potentially impair practice and health. We estimate that at any given time, approximately 10% of the population is affected. This same percentage is thought to be true of healthcare professionals.

Alcohol and other drug addiction, as well as mental and physical illnesses, are treatable. KNAP works with the program participants to obtain an evaluation, treatment (if indicated), and monitoring throughout the recovery process.

#### Referrals

Self-referrals to the program are encouraged, but referrals may be made by a family member, a friend, employer or anyone concerned about the nurse/LMHT.

Anonymous referrals are not accepted. A person may call for information or advice without giving their name, however. Referrals may be made by calling 913-236-7575.

#### KNAP Providers

- Confidential services to Kansas RNs, LPNs, and LMHTs experiencing problems and illnesses which could lead to impaired practice.
- Interventions, assessments, referrals for evaluation and treatment (if indicated.)
- On-going monitoring through random urine drug screens, contact with employers and monthly groups.

#### Causes for Concern

##### Job Function

- Narcotics discrepancies, e.g.: incorrect counts, alteration of narcotic containers, increased patient reports of ineffective pain control, discrepancies on records or frequent corrections of records, unusual amounts of narcotics wasted, significant variations in the quantity of narcotics ordered for technician's unit or shift.
- Fluctuations in the quality of work performance.
- Irresponsible behavior from someone previously conscientious and responsible.
- Requests to work shifts that are the least supervised.
- Inordinate interest in patients' pain control medications.

##### Behavior

- Increasing isolation from colleagues, friends and family and avoiding social activities.
- Complaints from others about work performance or alcohol or drug use.
- Mood swings, irritability or depression, or suicide threats or attempts, perhaps caused by accidental overdose.

##### Physical Symptoms

- Obvious intoxication such as swaying, staggering or slurred speech.
- Odor of alcohol on breath or the excessive use of breath-fresheners or perfume to disguise the odor of alcohol.

KNAP is supported by funds from the Board of Nursing and, in small part, by fees charged to the participants.

# CONTINUING NURSING EDUCATION OFFERINGS

## REGION 1

**April 24, 2017, 8:00 am – 4:00 pm, Dodge City, KS**

**ABC's of Pain Management: Acute, Basics, Chronic: End of Life and Geriatric.** Spon: Dodge City Community College, 2501 N. 14th Street, Dodge City, KS 67801. Contact: Lisa Carpenter, 620-227-9248. Fac: Marsha Ewy. Aud: LPN, RN, EMTs, Social Workers, Pharmacist. Pain is complex, so there are many treatment options - medications and therapies. Learn the benefits and risks of each, interpret an equianalgesic dosing table and identify two nonpharmacologic interventions for pain management. You will learn the four processes involved in the pain pathway, list components of a comprehensive pain assessment and describe multimodal analgesia. Pain management is important for acute and ongoing pain control, especially if you suffer with long-term or persistent chronic pain syndromes. \*Dodge City Community College is an approved provider of continuing nursing education by the Kansas State Board of Nursing. Provider #L.T. 0003-0527. Reg. by: April 17, 2017. Fee: \$75 for CEU Credit (6 hrs), \$25 for Public (non CEU credit).
